Steps to Understand and Safeguard Your Medicare Presented by:

ELDERInfo
The Delaware State Health Insurance Assistance Program (SHIP)
Dear Medicare Beneficiary:

We know how important your Medicare is to you and we want to help you protect it. We understand that making decisions about your Medicare can be difficult because of all the options now available to you.

Medicare Advantage plans and Part D Prescription Drug plans allow you more choices than ever about your health care coverage. You can either keep your Original Medicare benefits, or you can switch to a Medicare Advantage Plan that will provide your coverage instead of Medicare. And, you can now join a Part D Plan to help pay for your prescription drug costs.

These choices can provide good coverage depending on your current situation. However, all of these choices can create the potential for being misinformed and misguided. Sometimes fraud and abuse can also occur.

This Be Smart Toolkit contains information you need to protect your Medicare. It gives you important tools to use to help you make an informed decision. Please keep your Medicare information in a safe place. Make sure you have it when you sit down with anyone to discuss your Medicare! Review your medical bills to your Medicare and/or Medicaid statements. Make sure you compare the dates of your medical appointments to the dates on your healthcare billing statements. Also, do make sure you actually received the services for which you are being billed.

ELDER/Info, your State Health Insurance Assistance Program (SHIP) in Delaware provides free, unbiased, and confidential counseling on your healthcare benefits. Delaware Senior Medicare Patrol (SMP) can assist you with suspected fraud complaints and referrals. The Delaware Department of Insurance will assist consumers with complaints against insurance agents and advise if an insurance company is licensed in Delaware. The above agencies, along with the agencies listed on Page 8 and 9 of this booklet, will provide assistance to you, your family members and beneficiaries.

Your toolkit contains:
- Questions to ask your sales person and yourself
- Facts on Medicare Advantage Plans and how they work
- Red Flags to look for when considering a plan
- Steps to safeguard your Medicare
- A contact list of helpful Delaware health and consumer agencies

MEDICARE ADVANTAGE PLANS

Medicare Advantage Plans are healthcare plans approved by Medicare and provided by private insurance companies. There are several different types of plans:

- **Health Maintenance Organization (HMO)**
  Plans must cover all Part A and Part B health care. Most require you to go to doctors, specialists, or hospitals on the plan’s list, except in an emergency.

- **Preferred Provider Organization (PPO)**
  Plans are available in a local or regional area and you may pay less if you use doctors, hospitals, and providers in their network, but pay additional costs for outside network visits.

- **Medical Savings Account (MSA)**
  Plans combine a high deductible health plan with a Medical Savings Account that beneficiaries can use to manage their healthcare costs.

- **Private Fee-for-Service (PFFS)**
  Plans allow you to go to any doctor or hospital that accepts the plan’s payment. The plan decides how much it will pay and what you will pay for the services you receive.

- **Medicare Special Needs (SNP)**
  Plans are specially designed to meet the needs of people who live in certain institutions, are eligible for both Medicare and Medicaid, and/or have one or more chronic conditions.

Medicare Advantage Plans provide all of your Part A (Hospital Insurance) and all of your Part B (Medical Insurance) coverage and other medically necessary services just like you have under Original Medicare.

Medicare Advantage Plans may provide good coverage for some beneficiaries. You must make sure you can afford to pay any co-payments as well as the monthly premium. You also need to check to see if your healthcare providers are part of the plan’s network or if they will accept payment from the plan.

---

It is important for people who now have Original Medicare and are considering enrolling in any Medicare Advantage Plans to understand:

- The Plan will provide your primary health coverage instead of Original Medicare.
- Original Medicare will no longer pay your health care claims once you enroll in the plan.
- You will be given a new Plan card, which will replace your Medicare card.
- You will continue to pay your Part B premium even if you enroll in a Medicare Advantage Plan.
- The plan is not a Medicare Supplement Plan. It does not replace Medicare Supplement Insurance (Medigap).
- You may be charged extra co-payments or cost-sharing expenses for Medicare services.
Recognize the Red Flags

THE MARKETING AND SELLING OF MEDICARE ADVANTAGE PLANS
You have a lot of choices when it comes to your Medicare. Medicare Advantage Plans are health plan options approved by Medicare and run by private companies. These plans can be an alternative to traditional Medicare. Recognize the “Red Flags” before you enroll in a new plan.

A sales person appears at your door uninvited.
*Strict marketing guidelines do not allow home visits unless you have given the company permission before the visit.*

A sales person contacts you in person or by phone and says they are with Medicare or Social Security. They may even hand you a red, white, and blue business card.
*Medicare and Social Security do not make home visits or unsolicited phone calls.*

A sales person tells you the plan is a Medicare Supplement Plan and it will not affect your Original Medicare.
*The plan is NOT a Medicare Supplement Plan. The plan will provide your primary health care coverage instead of Medicare.*

A sales person tells you that your doctor accepts the new plan.
*Your doctor may or may not accept the plan. It is important to contact your doctor directly and check to see if he or she will accept the new plan before you sign anything.*

A sales person wants to see your Medicare card and have you sign something.
*Do not show the sales person your Medicare card! Do not sign anything you have not read. Do not sign anything you do not understand.*

A sales person wants you to make a decision today without taking the time to make sure you understand the new plan.

Take your time!
*Complete the 4 steps BEFORE you make changes to your Medicare.*
1 – Ask Questions. 2 – Take Your Time. 3 – Understand. 4 – Call ELDERinfo 1-800-336-9500
